EDITORIAL INDEX

JANUARY TO
DECEMBER 1961
VOLUME 33

CHILTON COMPANY · Chestnut & 56th Sts., Philadelphia 39, Pa.

ANNUAL EDITORIAL INDEX

January to December, 1961

Volume 33

A

Additives
Additive gains and losses. Frank K. Lawler ..... Jan. *40
FDA proposes rules for colors ..... Mar. *100
FDA specifies spices, essential oils as GRAS ..... July *81
FEMA expert panel judges flavoring substances as GRAS ..... Apr. *93
FEMA issues new GRAS list ... Aug. *85-86
Work on additives "Bible" ..... Oct. *22

Adhesives
Boom for hot melt adhesives (ppo) ..... Dec. 33
Clear label adhesive (e) ..... July *99
Hot-melt adhesive system offers many benefits ..... Apr. *99

Advertising
Ad spending grows and grows ... Sept. *77
Outflanks bigger rivals with 'editorial ads' ..... Oct. *98-99

Aerosols
Debut 'free piston' aerosol for foods (pp) ..... May *35
FDA oks new propellent (ppo) .. Nov. *31
New aerosol for foods needs no refrigeration (pp) ..... July *24

Air Conditioning
Air-conditioning system pays triple dividend. G. A. Kelley (chart) . Feb. *75
Compact humidity control (e) ... Sept. *106
Efficient spray cooler (e) ..... Apr. *104
Portable dehumidifier (e) ..... Aug. *92

Air Pollution—New techniques offer efficient odor control. W. H. Hughes ..... July *82

Aluminum
Aluminm foil debuts disposable fry pan (pp) ..... Mar. *24
Foil cans seek frozen food market (pp) ..... Mar. *24
Linerless aluminum can (ppo) .... Dec. 33
New phase in can-price war? (ppo) ..... Nov. *31

Apples—Improved processing methods are developed for dehydry-freezing apples (A) (at) (chart) Mar. *87

Automation
Automated coconut packaging. Ray E. Ashley ..... Nov. *51-53
Automates handling, washing, and filling of bulk containers (dib) .. Nov. *67
Automates rennet making (dib) .. Sept. *63
Improvised automation solves new product production. John V. Ziemba (chart) ..... Nov. *86-87
Libby automates new plant. John V. Ziemba ..... Sept. *37-40

B

Baby Foods—Meat sticks for toddlers (pp) ..... May *34

Bacteria
Baking time reduces bacteria in meat pies (at) ..... May 114
Frozen food sampling for bacterial analysis studied (A) (at) ..... Mar. 88
Tetrazolium compound aid bacteria controls in meats (at) ..... Oct. 92

Bags
Cuts bag breakage (dib) ..... Apr. *61
Set-back for boil-bags (ms) ..... Oct. 81

Bakeries and Baking
Automatic bun depanner ..... Nov. 47
Bakery automation provides unique oven-unloading flexibility (pi) .. Jan. *55
British continuous bread-dough .. Nov. 47
Bubble mechanics applied in cake quality research ..... Sept. 91
Continuous dough maker ..... Nov. 47
Continuous proofer ..... Nov. *46
Electric band oven ..... Nov. *46
Fluid shortening shows good baking properties (at) ..... Nov. 90
Former and panner ..... Nov. 47
Freezing-defrosting effects on danish pastry freshness (at) .. Sept. 92
Multi-pan greaser ..... Nov. *47
Stainless-steel icing machine .... Nov. *46
Extrudes bread dough for home-baking ..... Oct. 89
Recirculation system recovers dough trimmings (pi) ..... Oct. *53

Batch Operations
Pushbutton-controls automate liquid batching. J. V. Ziemba (chart) ..... Feb. *49
Simultaneous metering speeds panel-controlled batching. Leonard Trauberman ..... Nov. *80-81

Batteries—10 pointers that extend battery life (pi) ..... May *79

Bearings—Versatile takeup frames (e) ..... May *144

Beer
Concentrated beer raises hot issues Feb. 93
Low calorie beer hits eastern markets (pp) ..... Nov. *24
Phosphorlated mannen increases foam life (ms) ..... Apr. 84

Belting
Polyester conveyor belts spliced ultrasonically (e) ..... Oct. 104
Teflon-impregnated belt (e) ..... Sept. 106

Blending
Automatically controls blending of liquids (e) ..... July *98
Electronic system monitors blending (e) (chart) ..... May 131

Boilers
Positive-flow boiler ups performance (e) ..... Feb. *99
Steam generator ..... Nov. *47
Trouble-free boiler service. John V. Ziemba ..... Dec. *90-93

Bottling
Convenience bottles for new salad oil (pp) ..... Mar. *25
Bottlers check latest equipment .. Jan. *52
What does the consumer like? (ppo) ..... July 29

Boxes
Cuts harvesting, handling costs with bin boxes. (dib) ..... Dec. *67

Brewing—Automates handling, washing, and filling of bulk containers (dib) ..... Nov. *67

Browning—Browning and flavor in meat extracts studied (at) (A) July 80

Butter
Consistometer measures butter consistency (at) ..... Apr. 83
Cultured butter flavor(ia) ..... Apr. 114

C

Canning & Preserving
Canner updates line operation. Richard Weix and M. L. Gerdes Sept. *82-83
New continuous sterilizer permits short-time processing of canned foods (at) (chart) ..... May 113
New phase in can-price war? (ppo) ..... Nov. 31
19 new units for better processing. Mar. *43

Cartons
Split-pak carton for chicken livers (pp) ..... Dec. *26

Cases
Fibre/wood shells for soft drinks (pp) ..... Dec. *26

Centrifuge
Compact centrifugals (e) ..... Jan. *97
Versatile centrifuge (e) ..... Nov. 105

Cereals
Cereal bowl gets bigger (ms) ..... June 77
Rules for cereal packs (ppo) ..... Nov. 31

Checkweighing
Checkweigher ..... Dec. *42
High speed unit ..... Dec. *42
Underweight rejector ..... Dec. *42

Cheese
Package influence on cottage cheese temperature (at) ..... Oct. 92
Introducing dagano cheese ..... Dec. *92-93
Source of bitter flavor in cheese postulated (at) ..... Dec. 88

Chemicals
Lactic-culture technique curbs phage infection (ia) ..... Apr. 114
Seasonal lactic acid development in Milk (A) (at) ..... Jan. 81

Chocolate
Detection of non-cocoa butter fats in chocolate (at) ..... Nov. 89
Exploratory experiments on particle size in chocolate (A) (at) .. Jan. 81
More factors evaluated in fat bloom of chocolate (at) ..... Dec. 87

Chromatography — Chromatography simplifies flavor and odor analysis (A) (at) ..... Mar. 87

Cleaning
Better way to clean dock-loading areas (pi) ..... Jan. *55
Cleans tanks efficiently (e) ..... Feb. *104
Dust collector offers 3-way cleaning (e) ..... Sept. *108
Eases floor cleaning (e) ..... Feb. *103
Easier boiler cleaning (sm) ..... Aug. *95
Easier-to-use cleaner (sm) ..... Feb. 107
Heavy-duty paper towels (sm) ... Aug. *95
Improves can rinsing (sm) ..... July 105
Jets clean conveyor belt cut costs, bacteria counts (e) ..... May *150
Magnetic floor sweeper (e) ..... May *150
New lubricant-cleaner for chain conveyors (sm) ..... Oct. 112
Speeds handling of sticky prodcts with teflon (dib) ..... June *63
Unit monitors strength of cleaning solution (sm) ..... June 106
Versatile cleaning tool (pi) ..... Jan. *55
Versatile cleanser (sm) ..... Aug. 95

Coatings
Carbide coating reduces equipment wear (pi) ..... Nov. *63
First food test for new coating (ppo) ..... July 29
Monolithic epoxy coating (sm) ... Apr. 112
Solventless epoxy coating (e) .... Nov. 114

Cocoa Butter—Foreign fat detection in cocoa butter (A) (at) ..... Mar. 87

Coffee
Attractive premium jar sparks Kroger coffee sales (pp) ..... Nov. *25
Closer coffee check ..... Sept. 19

Colors — FDA proposes rules for colors ..... Mar. 100

Communications
Communications speedup—via fm. Gerald G. Mc George ..... Jan. *79
Speeds in-plant communication by radio (dib) ..... Sept. *63
Topics for communication (tm) .. Dec. 49

Compressors—Saves cost, space (e) .. Jan. *100

Concentration
Concentrated beer raises hot issues. Feb. 93
Continuous process freeze-concentrates vinegar (chart) ..... Mar. 82
Frozen dietary supplement debuted as concentrate (pp) ..... July *25

Confectionery
Mars maps halloween push with 'junior' candy line (pp) ..... July *25
Moisture estimation in confections by titration (at) ..... Feb. 50

Construction — Rubber-coated doors (e) ..... July *99

Containers
Plastic-lined steel drum (e) ..... Oct. *103
Bottlesizes dictate new Pepsi carton (pp) ..... June *24
Can-maker's revenge (ppo) ..... Aug. 27
'Chip Grip' for potato chips (pp) .. Feb. *24
Container cuts costs (e) ..... Feb. *100
Containerization ..... June *65
Cuts carton-disposal costs (e) .... Mar. 100
Far out containers (ppo) ..... Oct. 31
Multi-lid container for moist products (pp) ..... Nov. *25
Film converts carriers for food hauling (e) ..... Jan. 95
Flexible container for retorting (ppo) ..... May 39
Foil container has plug-in lid (pp) . Feb. *24
Frozen muffins ready for national markets (pp) ..... July *25
Insulated container eases handling of frozen food (e) ..... Apr. *100

KEY TO DEPARTMENTS

(at) Advances in Technology
(dib) Doing It Better
(ia) Ingredients & Additives
(ms) Marketing Signals
(ppo) Packaging Pointers
(pp) New Packages & Products
(pi) Practical Ideas
(sm) Sanitation & Maintenance
(tm) Tips to Management

Let us turn containerization to our purposes (ed) ..... June 31
Light bulk-milk container cuts costs, saves space (e) ..... Jan. *96
Market frozen pies in tamper-proof carton (pp) ..... June *24
More integration coming up (ppo) . Aug. 27
New advances for cans (ppo) ..... Oct. 31
Packers deny soft can problem (ppo) ..... July 29
Paper 'tube' slashes distribution costs. Thayer C. Taylor ..... Mar. *96
Peek-flap carton for steaks (pp) .. Feb. *24
Pictorial stock designs spark ice cream cartons (pp) ..... Jan. *28
Piggy-back containers for berry growers (pp) ..... Sept. *25
Plasticized bottle gives 'different' look ..... Feb. *88
Popcorn pops up in glass & film (pp) ..... Jan. *28
Rate containers for salad, cooking oils (ppo) ..... May 39
Reusable plastic cover has drip-less spout (pp) ..... July *24
Sanitary containers store production-line overflow (pi) ..... June *60

Continuous Processing

Blast chilling unit ..... Nov. *97
Continuous process freeze-concentrates vinegar (chart) ..... Mar. 82
Continuous proofer ..... Nov. *46
Continuous stuffer ..... Nov. *97
Electric band oven ..... Nov. *46
Low - temperature rendering system ..... Nov. *97
Stainless-steel icing machine .... Nov. *46

Controls

Electronic level control ..... Aug. *48
New ink cuts recorder servicing (e) ..... Oct. *108
Pushbutton-controls automate liquid batching. J. V. Ziemba .. Feb. *49
Recorder-controller in single case (e) ..... Jan. *97
Rejects underfilled packs (e) .... Oct. *104
Stop lights control truck traffic on curved ramp (pi) ..... Nov. *64
Ups enrobing efficiency ..... Oct. *45
Wire spots piled-up cans (pi) .... Nov. *64

Conveyors

Chain has forged links (e) ..... Jan. *101
Chain's plastic bushings offer many advantages (e) ..... May *131
Conveyor belting ..... Nov. 47
Conveyor-control system (e) ..... Sept. *116
Conveyor side guards simplify cleanup (pi) ..... Sept. *60
Cuts truck-unloading time 50%. Simplifies handling (dib) ..... July *57
Eases can handling (pi) (chart) .. Feb. 56
Efficient drive for short screw conveyors (e) ..... May *138
No lubrication need (e) ..... Mar. *111
Offer conveyor computer (pi) .... Oct. 53
Sanitary conveyor-chain needs no lubrication (sm) ..... Feb. 107
Sanitary vibro-conveyor (e) ..... Jan. *100
Simplifies can handling (dib) .... June 63
3-way switch curves for conveyors (e) ..... Oct. 106
Triple duty conveyor system simplifies fruit handling operation (pi) (chart) ..... Mar. 57
Ups grading efficiency (dib) ..... Apr. 61

Cooking

Dual-purpose vessel saves time, labor (e) ..... Oct. *103
'Quick Cook' betters quality. John V. Ziemba ..... June *42

Cooling

Increasing cooling rates through thermal radiation (at) ..... Apr. 84
Liquid nitrogen boosts truck-cooling efficiency (pi) ..... Mar. 57

Corn—Canner updates line operation. Richard Weix and M. L. Gerdes Sept. *82-83

Corrosion—Food can corrosion researched in Berlin (at) ..... Feb. 80

D

Dairy Equipment—Dairy co-operative plant engineers unique advances. Godfrey Lehman ..... Jan. *50

Dairy Products

Borden market-tests low fat dry milk (pp) ..... Nov. *25
Butter characteristics improved by procedure (at) ..... Sept. 91
Non-dairy creamer debuted by carnation (pp) ..... Sept. *24
Study of pH changes in milk during freezing (at) ..... Nov. 89

Defense

Fallout and you ..... Sept. 19
Food industry could win cold war for freedom (ed) ..... Feb. 29

Dehydration

'Extractive' foam-mat dryer achieves continuous and automatic drying (at) ..... Nov. *89
Glucose diffusion during vegetable dehydration (at) ..... Nov. 90
Improved processing methods are developed for dehydrofreezing apples (A) (at) (chart) ..... Mar. 87
High-temp. drying impairs wheat baking quality (at) ..... Aug. 79
Precooked dehydrated sweetpotato flakes. J. J. Spadaro & E. L. Patton (chart) ..... July *46
USDA develops foam-spray drying Aug. *37-38
USDA process produces 'quick-cook' dehydrated foods. Norman E. Roberts ..... Sept. *45
Engineering boosts dehydrofreezing (chart) ..... Apr. 76

Desserts

Monoglycerides produce low-calorie desserts (ia) ..... July *109
Salada foods tests two new products (pp) ..... Sept. *25

Diet

Do-it-yourself slimmer (ms) ..... May 105
Foil bag boosts sales for dietary chocolate (pp) ..... Jan. *29
Frozen dietary supplement debuted as concentrate (pp) ..... July *25
Metrecal wafers for non-drinkers (pp) ..... Oct. *24
New entry in expanding dietary field (ms) ..... Nov. 79

Disintegrator — High-speed impact mill is easily cleaned (e) ..... Aug. *90

Distribution—see Marketing and Distribution

Drives

Drive guard snaps on-off (pi) .... Apr. *57
Variable-speed drive needs no lubrication (e) ..... May *142

Drums—Easy way to handle open-head drums (pi) ..... Apr. *58

Dust — Dust collector offers 3-way cleaning (e) ..... Sept. 108

E

Education — Important first — MSU engineering conference (ed) .... May 41

Eggs

Cures for a sick business. John V. Ziemba ..... May 106
Inhibition to salmonella in eggs research (at) ..... Apr. 83
Iron in wash-water causes egg-spoilage (at) ..... June 92

Electronics

Computers — for more efficient management. Richard D. Kornblum ..... Mar. *63
Electronic system monitors blending (e) (chart) ..... May *31
Electronically controlled for uniform mixing (e) ..... Jan. *96
Univac powers firm's modern tabulating center. Jack L. Mischou ..... Nov. *83-84

Engineering—Important first—MSU engineering conference (ed) .... May 41

Enzymes

Fungal enzyme converts carbohydrate efficiently ..... Dec. 102
Gibberellic acid spurs enzymes ... June *93
How latest enzymes sharpen your process control. R. R. Barton and C. E. Land, Jr. (chart) .. Sept. 85-88
New enzyme formulation boosts tenderizing action ..... Dec. 102
New technique offers high-potency zymes (ia) ..... June 107
Papain enzyme product ..... Nov. 115
Potent cellulose enzyme has many applications (ia) ..... Feb. 108

Equipment

Applies rayon strapping (e) ..... July *95
Design of multi-purpose pilot malting unit (at) ..... Aug. 80
Efficient torque actuator (e) .... Dec. 97
Exhibit features latest in . . . processing . . . packaging . . . handling ..... Nov. *44-47
Ingenuity creates new process. Frank K. Lawler ..... Feb. *38
Latest milling techniques make new production strides ..... July *76
19 new units for better processing. Mar. *43
PMMI show accents speed, efficiency, accuracy ..... Dec. *42-45
Rotary-disc apparatus produces sterile irradiated milk without off-flavor (at) (A) (chart) .... July 79
600-per-min. coder (e) ..... June *101
Speeds bin discharge (e) ..... July 97

Evaporation

'Boilerless' evaporator saves btu's. FE Staff ..... Dec. *46-47
New centrifugal evaporator concentrates and sterilizes heat-sensitive liquids (at) ..... Sept. *91

Exports—Don't help Russia to improve food factories (ed) ..... Mar. 29

Extraction

Boosts cane-sugar yield ..... Oct. *88-89
Dry process, low heat continuous fat extraction (at) ..... Aug. 80
New juice process cuts costs. Frank K. Lawler ..... Feb. *71

F

Fans—Portable fan truck (pi) ..... Nov. 63

Fats and Oils

AHA tosses animal fats into public fire (ed) ..... Jan. 33
Chemical oxidizing effect on fatty acids in flour (at) ..... Feb. 80
Nutritional, chemical changes in heated fats (A) (at) ..... Mar. 88
Ultrasonic determination of live pig fat (A) (at) ..... Jan. 82

Federal Trade Commission

Armour, FTC hassle shapes up .. Sept. 19
Enforces split over discounts ..... Oct. 21
FTC readies heftier nightstick. Thayer C. Taylor ..... June *37
FTC's paper tiger ..... Oct. 21
Tougher FTC line on prices (ms) . Dec. 77

Feeders

Accurate bag filler ..... Dec. *44
Bursa-fill unit ..... Dec. *44
Cylinder non-stop piston filler .. Dec. *44
Double-tube machine forms-fills-seals ..... Dec. *43
Double-tube unit ..... Dec. *43
Eight-Valve rotary filler ..... Dec. *44
Improves additive feeding ..... Apr. *107
Improves pie coating (dib) ..... Apr. 61
Recording dry feeder (e) ..... June *102
Unit container packaging machine ..... Dec. *44
Vertical form-fill-seal machine .... Dec. *43
Vibratory proportioning (pi) ..... Mar. *57

Fermentation—Fermentation nutrients ..... Nov. 115

Fertilizer—Use fertilizer to melt ice (pi) ..... Feb. 56

Fillers

Automatic bagger offers speed, accuracy (e) ..... June *102
Frozen-food filler (e) ..... Mar. 109
Keeps rejects from reaching filling line. S. J. Hotchner ..... Mar. 46
Rotary filler handles 320 containers per min. (e) ..... Feb. *103
Semi - solids filler handles two trays per cycle (e) ..... Jan. *96

Filters

Combines filter aids (dib) ..... Mar. 61
Conveying - air filters curb food contamination (e) ..... Mar. 113
High-efficiency filter (e) ..... Jan. 96
Miniature in-line filter (e) ..... Feb. *100
Polypropylene filter cloth (e) ..... Sept. 105
Uses self-cleaning filter (dib) .... June *63

Finance — Food presidents predict: strong pickup in second half. Thayer C. Taylor (charts) ..... July 72

Fish—Cuts problem down to size ... Aug. *36

Flavoring

Develop new flavor ingredient. E. K. Heaton & J. G. Woodroof (chart) ..... July *42
FEMA expert panel judges flavoring substances as GRAS ..... Apr. 93
Five assorted flavors for stripe gum pack (pp) ..... June *25
Flavor research brings exciting new era (ed) ..... Nov. 33
Flavor symposium achieves exchange of research data (at) .. Oct. 91
Natural fermentation flavor (e) .. Jan. 101
Set pattern for progress. Frank K. Lawler ..... June *96

Floods—How to fight floods ..... Mar. *91

Floors

Abbotts cites merits of new steel floor plate (dib) ..... May *83
Damp-surface primer (sm) ..... July 105
Effective floor drainage (pi) ..... Oct. *53
Epoxy floor resurfacer (sm) ..... July 105
Plastic cement compound resurfaces worn floors (sm) ..... Dec. 100
Plastic floor finish (sm) ..... Apr. 112
Pre-fab flooring (sm) ..... Nov. *114
Unique floor conditioner is easily applied (sm) ..... Feb. *107

Flour

Baking test measures flour strength (at) ..... Apr. 83
Chemical oxidizing effect on fatty acids in flour (at) ..... Feb. 80
High-protein soy flour (e) ..... Jan. 101

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 33, January, 1961 to December, 1961

Reflectometer measures flour whiteness (at) ..... May 115

Flowmeters
Isotope detectors assure efficient level control ..... Nov. *60-61
Magnetic flowmeter (e) ..... June 105
'Sees' into pipelines (pi) ..... July *53

Food & Drug Administration
Breakdown in communications? .. Sept. 19
Food packages under fire. Thayer C. Taylor ..... Oct. *37-40
FDA eases up on relabeling ..... Oct. 21
FDA oks new propellent (ppo) .. Nov. 31
FDA plays it by ear ..... Aug. *31-32
FDA (ed) ..... Apr. 29
FDA's sleuths bear down hard ... Sept. 19
Industry takes additives ball from FDA proposes rules for colors ... Mar. 100

Food Engineering Reports
Computers — for more efficient management. Richard D. Kornblum ..... Mar. *63
Containerization (charts) ..... June *65
Distribution: Key to new profits (charts) ..... July 59
Employee communications (charts) ..... Aug. *57-63
Flexible film packaging (charts) ..... Nov. *69-76
Glass containers—cheaper, lighter, stronger ..... Jan. *61
Ingredients ..... May *85
Liquid level (charts) ..... Feb. 57
Outstanding food plants ..... Oct. *59-78
Sanitary air-actuated valves (charts & tables) ..... Dec. *69-75
Sanitation ..... Sept. *65-74
Solids separation ..... Apr. *63

Freeze-Concentration—Versatile and efficient processing by freeze-concentration (chart) ..... Nov. 98

Freeze-Drying
Armour introduces freeze-dried meals ..... June *81
Custom-made freeze drieds (ms) .. Oct. 81
Europeans probe accelerated freeze-drying. E. Petersen ... June *33
Freeze-dries for world market (charts & table) ..... July *37
Freeze-drying unit (e) ..... Mar. *115
Freeze-drying: where it stands in Europe. John M. Nair ..... Mar. *31
How microwaves speed freeze-drying ..... Aug. *34-36
Japan markets freeze-fried foods (pp) ..... Dec. *27
Latest in freeze-drying. Frank K. Lawler ..... Nov. *35-38
London freeze-dry symposium. Frank K. Lawler (table) ..... Dec. *37-39
Packaging of freeze-drieds. Thayer C. Taylor ..... Sept. *41-44
Point up freeze-dry phenomena. John H. Nair ..... May 57
Take a new look at freeze-drying. Lederman, A. N. and Lindstrom, F. H. ..... Oct. *41-45

Freezing
Freezing meats during irradiation protects flavor (at) ..... Dec. 87
Freezing yeast-raised and cake doughnuts (at) (A) ..... July 79
Latest research boosts pallet-freezing efficiency. E. L. Durkee (charts) ..... Jan. *84
Latest research boosts pallet-drying efficiency. Part II. D. G. Guadagni (charts) ..... Feb. 85

Frozen Foods
Frozen food sampling for bacterial analysis studied (A) (at) ..... Mar. 88
GF debuts new Birds Eye line (pp) ..... Dec. *26
Improves frozen-foods monitor (e) ..... Nov.. *105
Sampling of frozen food complaints (ms) ..... Nov. 79
Screw winding eases turkey freezing (dib) ..... May 83
Zero code nears ..... Oct. 21

Fruits
Berries draw look-see ..... Sept. 19
Fruit washer ..... Nov. *47
Fungicides cause flavor taint in preserved berries (at) ..... Sept. 91
Pear maturation improved ..... Nov. *56

Fruit Juices
Metal traces in juices aid ascorbic oxidation (at) ..... Feb. 79
New juice process cuts costs. Frank K. Lawler ..... Feb. *71

G

Gages
Gages sp. gr. in-stream (e) ..... Jan. 97
Report on glass containers (pp) ... July 29
Gage-stick errors of ⅛ in. can cost thousands of dollars ..... Oct. 121
Process potentiometer uses strain gage (e) ..... Mar. *109

Gas
Gas packing with simple equipment (A) (at) ..... Jan. 81
Nitrogen gas generator (e) ..... Nov. 110
Oxygen-scavenging packet deoxygenates in package (at) ..... May 115

Glass—Safety glass (sm) ..... Feb. 107

Glass Containers
Glass containers—FE Special Report ..... Jan. *61
Report on glass containers (pp) .. July 29

Grading—Visual aids help meet USDA grade standards (pi) ..... June 59
Grain—Colorimetric method for fat acidity in grain (A) ..... June 92
Organic acids identified in barley grain (at) ..... Dec. 88

H

Health—AHA tosses animal fats into public fire (ed) ..... Jan. 33

Heat Exchangers — Lab heat exchanger for texturing shortenings. (A) (at) ..... Mar. 88

Heaters
Fast-acting drum warmer (e) .... Feb. *104
Versatile trailer heater (e) ..... Mar. *112

Homogenizing
Sonic homogenizer is easily cleaned (e) ..... Sept. *106
Ultrasonics produces higher-quality beverages (pi) chart ..... July 53

Hoses—Fibre-glass tubing (e) ..... Dec. 97

I

Ingredients
Announce FDA-certified black food color ..... Aug. 96
Baked-goods emulsifier offers cell-wall control ..... Aug. 96
Brominated citrus oil ..... Mar. 118
Cite freeze-thaw stability of modified starch ..... Aug. 96
Colored lactose speeds pancoating of confections ..... Oct. 114
Crystalline cellulose: versatile new food ingredient ..... Aug. *44-47
Develop new flavor ingredient. E. K. Heaton and J. G. Woodroof (chart) ..... July *42
Efficient pepsin coagulant for cheesemakers ..... Sept. 120
FDA specifies spices, essential oils as GRAS ..... July 81
Food-grade fumaric acid ..... Aug. 96
Gibberellic Acid has no effect on brewers yeast (at) (A) ..... July 79
High-dextrose corn sugar ..... Mar. 118
High-protein soy flour (e) ..... Jan. 101
High-purity gum arabic ..... Feb. 108
Hydroxypropyl methylcellulose (e) Jan. 101
Ingredients: FE special report .... May *85
Liquid smoke flavor ..... Nov. 115
Meat tenderizer ok'd ..... Feb. 108
Monoglycerides produce low-calorie desserts ..... July *109
Natural fermentation flavor (e) .. Jan. 101
New egg-solids blend ..... Oct. 114
New-form sweeteners up product quality ..... Sept. 121
New starch offers unique freeze-thaw stability ..... June 107
New technique offers high-potency enzymes ..... June 107
Oleoresin simulant ..... Apr. 114
Potent cellulase enzyme has many applications ..... Feb. 108
Pure amylose now commercially available ..... Mar. *118
Tapioca-base product ups dessert mix quality ..... Feb. 108
Vegetable colloid boosts quality of many foods ..... June 107
Whey solids ..... Apr. 114
Yeast-protein hydrolysate has many applications ..... Apr. 112

Institutional Foods—Airline food service under scrutiny (ms) ..... Nov. 79

Instruments
Automates kjeldahl nitrogen analyses (e) ..... Aug. *89
Automatically controls blending of liquids (e) ..... July *98
Bi-metal thermometer for checking, control (e) ..... May 135
Chromatographic unit for process control (e) ..... Nov. *108
Detects smoke hazard (e) ..... Feb. 104
Diverts coded cartons to proper destination (e) ..... June *102
For fast brix readings (e) ..... Sept. *118
Gage moisture directly for any size sample (e) ..... Apr. *110
High-speed can tester (e) ..... Feb. *104
Improved cryoscope (e) ..... June *105
In-team refractometer gages opaque liquids (e) ..... Aug. 92
In-stream refractometer offers extreme control (e) ..... July 99
Integrating recorder (e) ..... June 105
Keeps candy metal-free (pi) .... Feb. *53
Latest soxhlet extractor (e) ..... Sept. 118
Liquid level. (charts) ..... Feb. 57
New ink cartridge cuts recorder servicing (e) ..... Oct. *108
Particle-size analyzer (e) ..... Feb. *103
ph analyzer system (e) ..... Dec. *98
Photocell gages carton, controls the strapping (pi) ..... June *59
Precision unit calibrates temperature sensors ..... July *102
Process refractometer (e) ..... Apr. 108
Quickly gages pH (e) ..... Aug. *94
Recording viscometer (e) ..... Oct. *110
Reflectometer measures flour whiteness (at) ..... May 115
Sensor solves counting problem .. June *82
Simple program control (pi) ..... July *55
Spectrophotometer has wide spectral range (e) ..... May *148
Speeds sampling of granular materials (e) ..... June *101
Stirs while heating (e) ..... Nov. *112
Torsion balance (DWL-5) (e) .... Apr. 110
Unit monitors strength of cleaning solution (sm) ..... June 106

Insulation
Advanced 'reefer' design meets AFDOUS code (e) ..... May 136
Chart spots optimum thickness for mineral-wood blanket insulation (pi) (chart) ..... Feb. 53
Economic insulation thickness. Alex K. Porlanda (chart) ..... May 72
Freon-blown urethane foams solve insulation problems. Ralph F. Harris ..... June *51
Foamed insulation cuts truck-refrigeration costs (e) ..... Jan. 95
Foam-insulated units save in handling costs ..... Jan. *89
Makes double use of foam insulation (dib) ..... Oct. *57
New plastic foam offers many insulation benefits (e) ..... June 104
Provides easy handling, efficient insulation (e) ..... Sept. *112
Saves with prefab reefer (dib) .. Dec. 66
Self-foaming insulation has many applications (sm) ..... Mar. *116
Thermal insulation (sm) ..... June 106

Irradiation
High-frequency effects on stored-grain insects ..... Sept. 92
Irradiation treatment of beef evaluated (at) ..... May 113

K

Kettles—Powered tilting kettle (e) .May *135

L

Labeling
Bread end labels spark tie-in product sales (pp) ..... June *24
Cuts labeling costs (pi) ..... July *53
FDA eases up on relabeling ..... Oct. 21
Imprinting labeler (e) ..... Sept. *114
Marks cans, jar tops (e) ..... Feb. *104
Parts board speeds labeler changeover (pi) ..... Apr. *57
Transparent label gum (e) ..... Dec. 98
Versatile label maker (e) ..... Mar. *114

Labor
End for Mexican migratory labor? (tm) ..... Nov. 49
More troubles for Jimmie (tm) .Nov. 49
NLRB upholds 'publicity' boycott (tm) ..... Oct. 47
Who says low turnover's good? (tm) ..... Oct. 47

Law and Legislation
Court case histories reveal legal pitfall. Leo T. Parker ..... Apr. 43
Do you know the answers to these legal questions? Leo T. Parker ..... Feb. 66
Fair play for business, too (tm) ..Feb. 49
Fair play for business, too (tm) ..Nov. 49
FE's box score on key legislation Mar. 22, Apr. 22, May 32, June 22, July 22, Aug. 18, Sept. 20
Sharp look at . . . industry prices . . . penalties for 'fixers.' Thayer C. Taylor ..... July *33
Tougher ground rules ahead. Thayer C. Taylor ..... Mar. 35

Level Control—Isotope detectors assure efficient level control ..Nov. *61

Lights and Lighting
Explosion-proof light bulb (pi) ..June 59
Fluorescent lighting units for high-humidity areas (pi) ..... Oct. *53

Liquid Level—Liquid level gaging and control (charts) ..... Feb. 57

Lubrication

Ball bearings (pi) ..... June 59
Simple test checks for proper lubrication (pi) ..... July 53

M

Machines

Compact mailing machines (e) .. Sept. *110
Cracked-ice maker (e) ..... Feb. *100
Curbs machine downtime (db) ... Mar. *61
Develops high-speed can-making unit ..... Oct. *95
Dispenses, fills, seals rigid plastic containers (e) ..... Oct. 103
Fills, seals one-portion aluminum foil containers (e) ..... Oct. *106
Food processor's responsibility toward better machine design ... Aug. *74
Improved curd-fusing machine proves successful (at) (A) .... July 80
16 units for process efficiency ... Aug. *48
Stretching machinery benefits. William U. Funk ..... July *50

Maintenance

Anti-trust protection (sm) ..... Apr. 112
Better way to clean dock-loading areas (pi) ..... Jan. *55
Card racks show repair job sequence (pi) ..... Dec. *85
Caster wheels have long-wearing tread (e) ..... Sept. 105
Chromate treatment (sm) ..... Apr. 112
Equipment and maintenance control—part II. R. D. Kornblum (charts) ..... Dec. 82-84
How to fight floods ..... Mar. *91
Keeping accurate records is key to successful maintenance. John M. Squier ..... Apr. *42
Liquid plaster (sm) ..... Apr. 112
New floor-repair system (e) ..... May 150
New food-release compound (sm) Apr. 112
Here's how to curb equipment failure, cut maintenance costs —Part I. R. D. Kornblum (charts) ..... Nov. 39
Roofing gun cuts costs (pi) ..... Mar. 58
Rubbing strip provides two-way protection (pi) ..... Mar. *58
Sanitary acoustical tile (sm) ... June *106
Sanitary epoxy finish (psm) ..... Mar. 116
Sanitary rubber tubing has Teflon liner (e) ..... Aug. 89
Steam leaks are costly (pi) ..... Apr. 58
V-belt maintenance (pi) ..... Sept. 59

Management

Anti-chain bills father ..... Oct. 21
Arbitrator's case of the month (tm) ..... July 45
Armour experiment: Modest progress (tm) ..... July 45
Armour tapped for TAP (tm) ... Oct. 47
Baking exec hits training complacency (tm) ..... Sept. 49
Barriers to innovation progress (tm) ..... Oct. 47
Benefits cost boost in '62 (tm) ... Aug. 43
Better technologists needed (tm) May 55
Bouquets for brewery workers (tm) ..... June 45
'Business games' provide pilot plant for managers. Sy Levy and John Zimmerman ..... Apr. *47
Campbell's long-range product planning (ms) ..... Nov. 79
Clean own house, warns Bickmore (tm) ..... July 45

Who drinks what and when (ms) July 71
Will chains kill the 'golden goose'? (ms) ..... Jan. 71

Materials Handling

Bakery automation provides unique oven-unloading flexibility (pi) ... Jan. *55
Bulk handling becomes easy and efficient .. .. Jan. *84
Bulk pneumatic trailer cuts unloading time (e) ..... Jan. *97
Carton unloader cuts handling costs (e) ..... Dec. *97
Cuts truck-unloading time 50%, simplifies handling (dib) ..... July *57
Dumper speeds potato processing (pi) ..... June *59
Eases empty-drum handling .... Apr. *52
Extends beet-processing season 50% (pi) ..... Aug. *51
For palletless handling (e) ..... Jan. *97
Inexpensive drawbridge cuts labor requirement (pi) (chart) .. May 79
Pan stacker ..... Nov. *46
Plastic box truck (e) ..... Feb. *104
Pneumatic unloading speeds corn delivery (pi) ..... Aug. 52
Pushbutton-controls automate liquid batching. J. V. Ziemba (chart) ..... Feb. *49
Speeds belt lacing (e) ..... May *138
Speeds carton handling (dib) ... Oct. *57
Switches to bulk handling (dib) . Aug. 54
Traveling gate grouper ..... Nov. *46
Triple duty conveyor system simplifies fruit handling operation (pi) (chart) ..... Mar. 57
Twister-panner ..... Nov. *46

Meat

Baking time reduces bacteria in meat pies (at) ..... May 114
Blast chilling unit ..... Nov. *97
Browning and flavor in meat extracts studied (at) (A) ..... July 80
Compact twist linker ..... Nov. 97
Continuous stuffer ..... Nov. *97
Cultures impart flavor character to sausages (at) ..... Nov. 90
Electronic unit determines meat lean in 3 seconds (at) ..... Nov. 89
Flaking machine ..... Nov. 97
Freezing meats during irradiation protects flavor (at) ..... Dec. 87
Friction smoke generator provides a quality, controllable wood smoke (at) ..... Aug. *79
Hydraulic pressure method determines free moisture content of cooked meat (at) ..... Dec. *87
Irradiation treatment of beef evaluated (at) ..... May 113
Low-temperature rendering system ..... Nov. *97
More info wanted on meat wraps. Sept. 33
Pork leanness and moisture content related (A) ..... June 91
Trends in meat buying (ms) ..... Oct. 81

Mechanization

Automatic handling eases order selection. John V. Ziemba. . Dec. *56-58

Meters

Consistometer measures butter consistency (at) ..... Apr. 83
Process-control meter (e) ..... Nov. 110
Simultaneous metering speeds panel-controlled batching. Leonard Trauberman ..... Nov. *80
Solves metering problem (dib) ... Oct. *57

Milk

Antibiotics in milk present problems (at) ..... Oct. *91
Organism causes violet color in cream and milk (at) ..... Dec. 87
Rotary-disc apparatus produces sterile irradiated milk without off flavor (at) (A) (chart) .... July 79
Seasonal lactic acid development in milk (at) (A) ..... Jan. 81
Study on changing fat, nonfat solids in milk (at) ..... Feb. 79
Carbonyl compounds in nonfat dry milk (at) (A) ..... Mar. 87

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 33, January, 1961 to December, 1961

Milling
Latest milling techniques make new production strides....July *76
Modifications of milling-quality test increase testing efficiency 200% (A) (at)....Jan. *81

Mills
Instrumented roll mill (e)....Apr. *102
Laboratory mill (e)....Apr. 110

Mixers
Dual-purpose vessel saves time, labor (e)....Oct. *103
Electrically controlled for uniform mixing (e)....Jan. *96
High-speed disperser (e)....Apr. *106
Mixer's performance is easily adjustable (e)....Dec. 98
New mixers cut costs (e)....Aug. *89
Versatile mixing pump offers continuous operation (e)....Jan. *100
Mixing — Adds liquids to solids stream (e)....Apr. *99

Moisture
Determining volumes of escaping vapors, J. L. Newcomer....July 90
Moisture estimation in confectioners by titration (at)....Feb. 80
Motors—Sanitary motor (e)....Sept. *106

N

Nitrogen
Liquid nitrogen boosts truck-cooling efficiency (pi)....Mar. 57
Liquid nitrogen spray in truck cools frozen food load quickly, efficiently (at)....Feb. *79

Nutrition
Nutritional, chemical changes in heated fats (at) (A)....Mar. 88
Push nutrition on three fronts (ms)....Jan. 71
World malnutrition challenges America. Charles G. King....May 111

O

Odors
Effective odor control (sm)....June 106
New techniques offer efficient odor control. W. H. Hughes....July *82

Oils and Fats
Chemical changes on heating cottonseed oil (at) (A)....July 79
Fluid shortening shows good baking properties (at)....Nov. 90
New wrinkle in fats tussle?....Sept. 77

P

Packaging
Advanced unit sets up, packs 25 cases/min. (e)....Apr. *102
Aluminum sharpens its pitch (ppo)....May 39
Aluminum's plans for food (ppo)..June 29
Applies rayon strapping (e)....July *95
Assorted syrup pack has plastic pour spout (pp)....Sept. *25
Attractive premium jar sparks Kroger coffee sales (pp)....Nov. *25
Automatic machine....Dec. *42
Automated coconut packaging. Ray E. Ashley....Nov. *51
Automatic bag folder-closer....Aug. *48
Better garb for sweets (ppo)....Aug. 27
Better packaging and processing..Nov. *97
Board bounces back (ppo)....May 39
Boil-in-plastic tray produces premium package. John V. Ziemba..June *40
Boosts packaging efficiency—with internal checks . . . and improved materials....May *46
Bottle helps "sell" new Lever syrup (pp)....Oct. *25
Carafe jar for instant coffee (pp)..Feb. *24
Case gluer offers many advantages (e)....Sept. *106
Chains more packaging-minded (ppo)....Nov. 31
Combination wrap for whipstix (pp)....Feb. *25
Combination wrapper-cartoner...Dec. *45
Concentrator expands can-making (ppo)....June 29
Consistent Shirriff logo assures brand identity (pp)....July *24
Continuous casing stuffer (e)....Apr. 108
Continuous vacuum packaging machine is successful on commercial scale (at)....Apr. *83
Converts seasonal packs to year-round operation (pi)....Sept. 59
Cost-cutters stressed at AMA Packaging Show....May *48
Design gourmet package for popular appeal (pp)....Mar. *25
Develops high-speed can-making unit....Oct. *95
Dispenser closures have double seal protection (pp)....Nov. *24
Dispenses, fills, seals rigid plastic containers (e)....Oct. 103
Disposable carton for liquids (pp)..Oct. *24
'Drink up and read' (ppo)....May 39
Dual dispenser for tea bags (pp)..Oct. *24
Easy-open ham can has safety edge, too (pp)....Sept. *24
Easy-pour opening for macaroni package (pp)....Dec. *27
Efficient jar dryer (pi)....May *80
Ending look-alike problem (ppo)..Oct. 31
Family-size Starlac debuts in a can (pp)....Jan. *29
Fast-opening bag (e)....Sept. 108
Film wrap sparks egg carton sales (pp)....May *35
Fitting new items into a new package. J. V. Ziemba....Feb. *82
5 key areas to check before changing your package. David D. James....Mar. 76
Flexible film packaging (charts)..Nov. *63
Foil bag boosts sales for dietary chocolate (pp)....Jan. *29
Foil cans seek frozen food market (pp)....Mar. *24
Food cartons take three first awards (pp)....Apr. *25
FDA oks cello, poly — at last (ppo)....July 29
FE camera spots 14 highlights...Apr. *80
Frozen bread debuts in award-winning carton (pp)....June *25
Gas packing with simple equipment (at) (A)....Jan. 81
How to keep your package 'up front.' Thayer C. Taylor....Apr. *74
Hygrade upgrades pretzel parade (pp)....Aug. *23
If package works, try a mate (pp)....June 29
Infra-red bun and bread wrapper..Nov. 47
Jam label sparkles without brand name (pp)....Aug. *23
Jell-O has new design and larger sizes (pp)....Jan. *28
Keeps rejects from reaching filling line. S. J. Hotchner....Mar. 46
Launches diversified container research....Oct. *95
Low-cost vacuum packaging unit..Nov. *97
Makes package match market (ppo)....July 29
Manual multi-packer available for lease (e)....June *104
Market diet food in foil packets (pp)....Mar. *25
Market diet food via milkman (pp)....Feb. *25
Market quantity pretzels in foil-lined boxes (pp)....Nov. *24
Market spaghetti in new film package (pp)....Jan. *28
Market tests begun for frozen Viennese rolls (pp)....Aug. *23
Market wafer mints with ginger appeal (pp)....Mar. *24
Mates new materials for better package....Sept. *57
The missing person in the battle of brands. J. Gordon Lippincott and Walter P. Margulies..July *40
Modern design debuts new Sanka (pp)....Apr. *24
Modified caser permits double-case discharge (e)....June *104
Nabisco's inner packs retain flavor and freshness....Aug. *82
New bacon wrapper....Nov. *97
New packages and products
Jan. *28, Feb. *24, Mar. *24, Apr. *24, May *34, June *24, July *24, Aug. *22, Sept. *24, Oct. *24, Nov. *24, Dec. *—
New package, products debuted by Campbell (pp)....Nov. *24
New sealing technique simplified box making (e)....Sept. 108
New shape for hershey-ets (pp)..Feb. *25
New twists in multi-packs (ppo)..Aug. 27
Offer stock pictorials for salad packers (pp)....Sept. *24
Offer two lines of lightweight jars (pp)....May *34
Opaque poly bag for potatoes (pp)....Mar. *24
Package check weigher....Nov. *97
Packages cookies, etc.—without the crumbs (e)....Nov. *112
Package design promotes frozen potato product (pp)....Sept. *25
Package design—your key to sales appeal. Robert Sidney Dickens..Sept. *78
Package influence on cottage cheese temperature (at)....Oct. 92
Packaging of freeze-drieds. Thayer C. Taylor....Sept. *41
Packers-show attractions....Apr. *55
Peanut brittle mix in pouches (pp)....Dec. *27
Peek at tomorrow....Sept. 29
Pictorial cartons boost egg sales (pp)....Oct. *25
Plant designs own high-speed packaging line. James P. Voller (charts)....Feb. *46
Plastic clip for multi-packs (pp)..Apr. *24
PMMI show accents speed, accuracy....Dec. *42-45
Plastic egg carton scores (ppo)..Dec. 33
Plastic netting for produce packaging (pp)....Oct. *24
Poly bag has built-in handle....Oct. *24
Poly/foil package permits pre-purchase inspection (pp)....July *25
Popcorn pops up in glass and film (pp)....Jan. *28
Post restyles packaging for stand-out appearance (pp)....Aug. *22
Pouch convenience for beverage base (pp)....Dec. *27
Power of a package (ppo)....Sept. 29
Price cuts in wraps (ppo)....July 29
Prices: Some up, some down....Sept. 29
Push confectionery prunes in cellophane (pp)....Aug. *23
Pull-tab aluminum can for cottage cheese (pp)....June *24
Reclosable bacon carton has maximum visibility (pp)....Aug. *22
Re-design Yuban for added appeal (pp)....Jan. *29
Rejects underfilled packs (e)....Oct. *104
Re-usable plastic clip seals poly film bags (pp)....June *24
Rotary filler handles 320 containers per min. (e)....Feb. *103
Schlitz brews new label attire (pp)....Apr. *24
Semi-rigid film assures snacks package clarity (pp)....Mar. *25
'Serve 'N Save' package for sliced cheese line (pp)....July *24
Set-back for boil-bags (ms)....Oct. 81
Shape of things to come? (ppo)..Sept. 29
Ship beverage base in poly 'cubitainer' (pp)....Apr. *25
Shrinkable film for multi-pack biscuits (pp)....Aug. *22
Six-pack provides in-store display (pp)....May *34
Six-packs bottles, cans (e)....Mar. *110
Slashes film wrapping costs. Lawrence J. Woodward....June *54
'Slim look' for gingham girl (pp)..Apr. *25
Slip-on hood for 'ready diet' (pp)..Apr. *25
Speeds up to 160 cartons/min...Dec. *45
Stouffer designs an image. FE Staff....Dec. *58-64
Straightline wrapper....Nov. *97
Stretching machinery benefits. William U. Funk....July *50
Survey's multiple buying (ppo)..Oct. 31
Suppliers' services grow (ppo)....June 29
Survival kit features multi-purpose food (pp)....Aug. *22
Trade convenience helps new product (ppo)....June 29
Trims, seals poly bags (e)....Jan. *95
Twin-pouch for chow mein mix (pp)....May *35
Tway-way box (pp)....Oct. *26
Unique plastic package is self-mixing (pp)....June *25
Upgraded 'packaged' profits. Kaye Holstebro....Apr. *45
Ups bagging efficiency (e)....Aug. *90
VP-packaging: New brass hat (ppo)....May 39
Wrap-around packager (e)....Sept. 105
Zip-open cartons for new fish items (pp)....Oct. *25

Packing
Automates case packing, doubles production (dib)....Mar. *61
Bag-packing goes automatic....June *79
Compact unit cases 100 six-packs per min. (e)....July *97
Forms, fills, seals pouches at 600 per min. (e)....July *101
Tape seals drum pack quickly, economically (e)....July 101
Versatile teflon packing (e)....Apr. *104
Weigher-wrapper....Dec. *42
Wrapper's converted for bundling four cans....Dec. *45
Paints—Curbs 'skinning' of paint (pi)....Feb. 56

Pallets
Expendable pallets take 10,000-lb. load (e)....Jan. *95
Latest research boosts pallet-freezing efficiency. E. L. Durkee, R. L. Elsken, and E. J. Barta (charts)....Jan. *84
Latest research boosts pallet-freezing efficiency. D. G. Guadagni, J. Harris and D. W. Sanshuck (charts)....Feb. 85
Speeds case handling (dlb)....Apr. *61
Paper—Easy test for oil-grease resistance (ppo)....June 29
Particle Size—Exploratory experiments on particle size in chocolate (A) (at)....Jan. 81
Pasteurization—Margarine pasteurizer (e)....Nov. *110
Peanuts — Ingenuity creates new process. Frank K. Lawler....Feb. *38

Pest Control
'Black' light unit attracts, kills flying insects (sm)....Apr. *112
For pest-control spraying (e)....Mar. *111
Mice are underrated in food plants. T. L. Huge....Mar. *79
Mice are underrated in food plants—Part II. T. L. Huge....Apr. *86

Plants
Dairy co-operative plant engineers unique advances. Godfrey Lehman....Jan. *50

Outstanding food plants.....Oct. *59
Picking a plant site (tm).....Dec. 49
Plant expansion in Europe (ms)..Oct. 81
Split-level design ups plant output 200%. J. R. Von Bargen....Jan. *73

Plastics
Boil-in-plastic tray produces premium package. John V. Ziemba..June *40
Film converts carriers for food hauling (e) .....Jan. 95
Opaque poly bag for potatoes (pp) .....Mar. *24
Plastic egg carton scores (ppo)..Dec. 33
Plastic-lined steel drum (e).....Oct. *103
Plastic tank lining guards food quality (psm) .....Mar. 116
Plasticized bottle gives 'different' look .....Feb. *88
Poly sweeps bakers along.....Sept. 29
Reusable plastic cover has dripless spout (pp).....July *24
Teflon-lined rubber hose (e).....July 95
Unlimited future for plastics (ppo) .....Aug. 27
Versatile teflon tape (psm).....Mar. 116
Vinyl solves handling problem....Jan. *90

Potatoes
Eases spud inspecting (pi).....Dec. 62
Precooked dehydrated sweetpotato flakes. J. J. Spadaro and E. L. Patton (chart).....July *46
Slices potatoes for institutional market (pp) .....May *35

Poultry
Armour introduces canned breast of turkey (pp).....Sept. 24
Cures for a sick business. John V. Ziemba .....May 106
'Top of the stove' target (ms)...Dec. 77
Wrapped hens hike sales (ppo)...Dec. 33
Printing—Date-price imprinter (e)..Oct. *104
Production Control—Monitors soup production electronically (dib).Aug. *54

Products
Develop new flavor ingredient. E. K. Heaton and J. G. Woodroof (chart) .....July *42
Low cost source of new products..May *107
Market low calorie instant white sauce (pp) .....Apr. *25
Pointed advice on new products (ms) .....June 77

Pumps
Efficient dispensing pump (e)....Sept. *110
Low-capacity metering pump (e).Apr. 108
Sanitary all-plastic pump (e)....June *104
Versatile mixing pump offers continuous operation (e).....Jan. *100
Versatile sanitary pump (e).....July *97

Q

Quality Control
Costly stack burn may be controlled (at) .....Aug. 79
Micro-packages feasible in tests. Godfrey Lehman .....Apr. *37
Oxygen-scavenging packet deoxygenates in package (at)....May 115

R

Racks
Loading/unloading racks .....Nov. *46
Racks keep hose off floor (pi)....Feb. *56
Stainless racks safest (pi).....Apr. 57
Radiation—Unresolved problems in radiation preservation (at).....May 114

Refrigeration
Air isolator .....Nov. 97
Curbs refrigeration loss (e).....Nov. *107
Liquid CO_2 system for truck cooling (e) .....Nov. *107
Liquid nitrogen boomed as in-transit refrigerant .....Aug. *67-69
Portable container .....Nov. 97

Research
Campbell researches future in food .....Mar. *38
Launches diversified container research .....Oct. *95-96

Russia
Inside Russia's food plants. G. E. Hilbert .....Apr. *23
Inside Russia's food plants. Part II: achievements in canning. Milan D. Smith .....May *74
Time for food firms to face full responsibility (ed) .....Apr. 29

S

Safety
Accidents take a vacation.....Sept. *97-98
Canning's biggest injury hazard (tm) .....Sept. 49
Light signals back-up (pi).....Mar. 57
New twists spur plant safety program. John M. Jensen (chart) Nov. *42-43
Salt—Salt in new crystal form.....July 109

Sanitation
CIP pointers (pi).....Aug. 52
Cleans with cold water (sm)....Oct. *112
Colorless floor sealant (sm).....Feb. 107
Cuts cleaning costs (dib).....Dec. 67
Easier boiler cleaning (sm).....Aug. *95
Effective disinfectant for large plant areas (A) (at).....Jan. 82
Good sanitation: there's no alternative. George P. Larrick.....Sept. 66
Guards foods and hands (sm)....June 106
Mice are underrated in food plants—Part II. T. L. Huge ....Apr. *86
Portable spray washer (sm).....Dec. *100
Sanitary conveyor-chain needs no lubrication (sm) .....Feb. 107
Sanitary epoxy finish (sm) .....Mar. 116
Sanitary rubber tubing has teflon liner (e) .....Aug. 89
Sanitary wall coating (sm).....Aug. 95
Sanitation .....Sept. *65-74
Tasty sanitation posters (pi).....Dec. 65
Teflon-lined rubber hose (e).....July 95
3-A Standards announced (e)....Nov. 114
Versatile cleanser (sm).. .....Aug. 95

Scales
Electronic scale .....Aug. *48
High scaling accuracy cuts overweight loss (e) .....May *132
Trim-weigh scale .....Aug. *48
Science—Science and food—today and tomorrow. Frank K. Lawler.Feb. *43
Screens—Sanitary screens (e).....Apr. 108

Sealers
Carton handler .....Dec. *43
Case sealer .....Dec. *43
Economical heat sealer cuts packaging costs (e) .....Apr. 101
Midget-size case sealer.....Dec. *43
New sealing technique simplifies box making (e) .....Sept. 108
Pneumatically-operated machines.Dec. *44
Straight-through sealer .....Dec. *44
Ultrasonics perfects sealing of films (e) .....July *95
Uses self-adjusting sealer (dib)..July 57

Separation
All-metal purifier .....Aug. *49
Device quickly separates immature raisins (at) .....May 113
Double purifier .....Aug. *49
Dust collector .....Aug. *48
New sifting principle.....Aug. *48
Proportioning system .....Aug. *49
Sanitary pedestal sifter (e).....Mar. 112
Solids separation .....Apr. *63
Vibration-free screen .....Aug. *49

Shipping
Fiberboard guards cargo (pi).....May *81
Frozen-food shipper (e).....Mar. *113
Paper 'tube' slashes distribution costs. Thayer C. Taylor.....Mar. *96
Sell-save shipper spurs sales.....Jan. *86
Shortening—See Oils and Fats
Syrups and Molasses — Automates maple syrup process (chart)...May *109
Sorting—Offers 5-way sorting (e)...June *102
Soups—Campbell creates dry soup line .....Sept. *46-47
Standards of Identity—August, 18; September, 20; October, 22

Starches
New starch offers unique freeze-thaw stability .....June 107
Latest starches—how they are used. O. B. Wurzburg (tables)..Mar. 95
Starch duster .....Nov. *47
Versatile starch cooker (e).....Nov. *107
Sterilization—New continuous sterilizer permits short-time processing of canned foods (at) (chart) .....May 113

Storage
British study effect of various factors on storage of AFD cod steaks (A) (chart).....June 91
Offers convenient storage (sm)...July *105
Storage unit provides blending of sugar syrups (e).....Aug. *90

Sugar
Boosts cane-sugar yield. J. H. Payne .....Oct. *88-89
Diffusion increases yield in sugar cane recovery (A) (at) .....Mar. 88
Sucrose monoacetate has many food uses (at).....Oct. 92

Syrups and Molasses
System converts sugar to 70-brix syrup (pi) .....Dec. 65

Switches
Auto-switch meter controls pumps, valves, relays .....Oct. *121
Level warning switches are hermetically sealed (e).....May 144
Snap-action switches work for you. John V. Ziemba.....Oct. *85-87
Time switch has its own power source (pi) .....May *80
Wheel-adjusted switch (e).....Feb. *100

T

Tanks
Multi-use plastic tank (e).....Sept. *114
Plastic tank lining guards food quality (sm) .....Mar. 116
Plastic tanker eliminates leaks, cuts maintenance (pi).....July *55
Simplifies tank hookup (pi).....Sept. 60
Taste Tests—Effect of number of samples in panel tests (at) ....Feb. 80

Temperature
Bi-metal thermometer for checking, control (e).....May 135
Electronic thermometer gives 15-sec. check (e).....Mar. *110
Recording thermometer (e).....Apr. 108
Records temperature of foods in transit (e) .....Feb. *103
Time-temperature unit for frozen foods (e) .....Apr. *100
Visual indicator measures maximum temperature of frozen food loads (at) .....Oct. *91
Tomatoes—Study of microflora within health tomatoes (A) .....June 91

Transportation
Company planes pay off .....July *89
New truck-axle line (e) .....Jan. 100

Traps
Combination steam trap (e) ....Feb. *100
Filtering magnetic trap (pi) ..July *55
Home-made moisture trap keeps air lines dry (pi) .....Jan. *56

Trucks & Trucking
Cuts truck-unloading time 50%, simplifies handling (dib) .....July *57
Is truck leasing right for you? Jack L. Mischou .....May *69
Keep fleet ahead of snow and ice. Lawrence J. Woodward .....Mar. *94
Light-duty truck line (e) .....Apr. 102
Multipurpose truck (e) .....Nov. *105
Plastic tanker eliminates leaks, cuts maintenance (pi) .....July *55
Spotting bad commutators in fork-truck motors (pi).....Dec. 65
Truck-loading system conforms to AFDOUS code (pi) .....Sept. *59
Unique compacting truck speeds pea processing (pi) .....Aug. *51
Van's compact design cuts delivery costs (e) .....Apr. *100
Tubing—Nylon pressure tubing (e) ..Nov. 105

U

Ultrasonics—Ultrasonics produces higher-quality beverages (pi) (chart) ..July 53

V

Vacuum
Continuous vacuum unit simplifies apple process, J. A. Kitson .....Sept. *94-95
Vacuum unit automates cooling of produce (e) .....Aug. *90

Valves
Diverter valve .....Nov. 47
MSG processors combat valve corrosion .....April *91
Sanitary air-actuated valves. FE Staff (charts & tables).....Dec. 69-75
Sanitary ball valve (e) .....Jan. *97
Sanitary ball valve (e) .....Apr. *107
Valve's redesign offers many benefits (e) .....Sept. 110
Versatile valve positioner (e) .....Aug. *92

Vegetables
GF debuts new Birds Eye line (pp) .....Dec. *26

Vending Machines
Cool look at robot sellers (ms) .....Nov. 79
Package's role in hot vending (ppo) .....Oct. 31
Vending packs tested (ppo).....Dec. 33

Vinegar
Continuous process freeze-concentrates vinegar (chart) .....Mar. 82
Vinegar produced by using pure cultures (A) .....June 91

W

Waste Disposal
Automatic waste disposal (sm) ....Apr. 112
Keeps waste cans clean (pi) .....Feb. *56
Self-loading packer ups waste-disposal efficiency (e) .....May *136

* Illustrated. (A) Abstract. (e) Equipment. (ed) Editorial. (P) Patents.

Index to Vol. 33, January, 1961 to December, 1961

Water Treatment
Efficiency checks for water softening systems, R. E. Hinich (chart) ..... Nov. *93-94
Unique water treatment offers high bacteria kill (e) ..... Apr. 101

Weighing
Continuous tester ..... Aug. *48
Micro-wave level detector ..... Dec. *42
Monitors can fill (pi) ..... Oct. *54
Offers fast, accurate bulk weighing (e) ..... Sept. *105
Small-package checkweigher ..... Nov. 47
Weigher-wrapper ..... Dec. *42
Weighing the profits (chart) ..... July *74
Whey—Whey solids ..... Apr. 114

Y

Yeast
Gibberellic acid has no effect on brewers yeast (at) (A) ..... July 79
Yeast-protein hydrolysate has many applications ..... Apr. 112
